

Grants.gov Release Notes R2026-02.0 SAM API

Production Deployment: June 10, 2026

Training Deployment: June 10, 2026

Release Notes Overview

Summary of Changes

- This release introduces a new integration with SAM.gov to support automated retrieval and synchronization of Assistance Listings (formerly CFDA data).
- The enhancement modernizes how Grants.gov obtains and maintains assistance listing information by replacing manual file-based processes with a secure API-driven approach.
