

Grants.gov Release Notes

R2026-03.0 Applicant Center Dashboard View

Production Deployment: June 16, 2026

Training Deployment: June 17, 2026

Release Notes Overview

Summary of Changes

- A link has been added to the Applicant Center, inviting users to access and explore a new dashboard view.
- With the dashboard view, applicants will see an overview of their recent data, including applications, workspaces, and subscribed opportunities.
- In a follow-up release, a link will be available to collect user feedback. Feedback will be used to inform future updates to the dashboard view.

User Impact

- Applicants can find popular features and relevant data with less clicking and menu navigation.
- Engagement with the work center informs future modernization efforts to best reflect user needs.
