R2026-01.2 Assistance Listing Numbers Update

Production Deployment: April 6, 2026

Training Deployment: March 25, 2026

Release Notes Overview

Summary of Changes

- Updated Assistance Listings Numbers (CFDA) to support alphanumeric formats. The format has changed from ##.### to NN.AAA, allowing both letters and numbers. Examples of valid formats now include: 00.123, 00.BCA, and 00.A1B.

User Impact

- Grants.gov will continue to support the existing Assistance Listing Numbers.
- System-to-System (S2S) users may need their technical teams to review S2S mapping, business rules, and validation logic to ensure compatibility.
